MEETING BETWEEN FW DE KLERK AND PRESIDENT-ELECT EVO MORALES OF BOLIVIA

Mr F W de Klerk had a meeting at Cape Town International Airport this morning with President-elect Evo Morales of Bolivia. Mr De Klerk described the meeting as 'cordial and constructive' and said that he had shared with the President-elect some of the lessons on the management of change that South Africa had learned during its own transformation process. Mr De Klerk added that it was clear to him that Mr Morales felt that there were certain comparisons between Bolivia and South Africa. President-elect Morales said that he had gained a great deal from his visit to South Africa and from the meetings that had been arranged for him.
